

ENJOY YOUR OWN POOL WITH NORSUP'S EXCLUSIVE POOL DESIGNS

The Norsup range opens up a myriad of opportunities to create the perfect pool for you. Norsup pools are designed to suit your needs and can be controlled from anywhere in the world thanks to our "NorsupOne" smart pool technology. You can relax knowing that your pool is safe and well maintained without the need for tedious testing. In addition to that, our Norsup pools can be installed much quicker than traditional methods so you can enjoy your new swimming pool in no time at all.

1 NORSUP CERAMIC POOLS

Thanks to decades of know-how from GFK swimming pools, we offer perfect solutions with an optically flawless surface finish. Because the pools are manufactured in one piece, there are no annoying transitions or joints. The norsup Ceramic pools are available in a variety of sizes, colours and with different steps options. Thanks to the special ceramic core in the GRP laminate and the hardening process through heat treatment (tempering), the Norsup ceramic pools have a significantly higher stability and the formation of osmosis is prevented.

FAST INSTALLATION

Norsup ceramic pools are the perfect solution for customers who require high-end pools and want a short installation time. Installation is possible within one week!

These pools are available in different shapes, sizes and colours to create the look and feel you require. The pools are made of high quality fibreglass with a ceramic layer and a smooth, gel-coat finish.

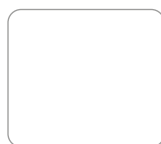

FEATURES

- Resistance to sub-zero temperatures
- Equipped with a reinforced bottom layer
- Produced in Europe
- Available in different colours, shapes & sizes
- Sizes differ from 5.4 metres up to 10 metres in length
- Tough ceramic core
- Exceptional durability and strong construction
- Gel coat layer makes the pool perfectly resistant to chlorine, UV radiation and temperature changes
- Special polyurethane foam layer ensures good isolation

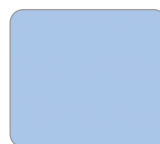

The durable ceramic core strengthens the pool and reduces the chance of osmosis. It makes the pool resistant to prolonged temperatures up to 32°C.
